February 27, 2017

Dear Parents,

In order to ensure your child is receiving the instructional hours they need to be successful and comply with Utah regulations, Mountain View Elementary School will be adjusting the school day schedule. Stakeholders were surveyed as to how best to meet the requirements and is reflected in the revised schedule. Beginning on Monday March 6, our school hours will be from 8:25-2:50. AM Kindergarten will start with this new time; PM kindergarten will not be effected.

In order to be in compliance with Snow Day waiver granted by the Utah State Board of Education, additional instructional time was needed to meet the states 990 hour requirement. This change does not impact student pick-up or transportation home (for our students riding the bus). The bus will still depart Mountain View at 2:57 after school dismisses as usual. The new start time does impact all families. Students, who ride the bus, will still catch the bus at their normal stop. Busses will arrive 5 minutes earlier than normal—please plan accordingly.

If you have any questions concerning this change, please call our school at 435-734-4926. We appreciate your support in helping us as we move forward with this change. We know that the increased instructional hours will give our teachers more time to work and prepare your child for their future and will keep us in compliance with state requirements.

Sincerely,

Mountain View Faculty, Staff,
and Administration
